25c A PINT FOR DEAD FLIES

This is a very strange offer, isn't it? But we mean just what we say.

Until further notice we will give 25c a pint for all dead flies brought to our store—The Rexall Store.

This same offer is being made by other Rexall Stores in other cities and towns all over the United States.

As there are 6,000 of these stores, you can easily realize that it means practical extermination of the house fly—providing we have your cooperation—providing you—

JOIN NEARLY 6000 REXALL DRUGGISTS IN SWATTING FLIES.

Flies spread disease. They carry the germs from the sick to the well. You are never safe from danger while there is a fly around. How do you know where the fly that lights on your food or on your baby's face has been. It is not only a matter of CLEANLINESS, it is a matter of safety to

KILL EVERY FLY YOU POSSIBLY CAN.

With nearly 6,000 Rexall Stores all over this broad land, directing the campaign and furnishing the ammunition, the result will not only be a vast decrease in the number of flies—with a corresponding small number next year—but it will mean a tremendous benefit to the health and comfort of nearly 100,000,000 people.

10,000,000 FREE REXALL WIRE FLY SWATTERS

To every adult person calling for one, we will give a Rexall wire fly swatter with which to kill flies. We want you to join us in this great work.

Our offer of the FREE FLY SWATTERS and our agreement to pay 25c a pint for all dead flies brought to us is made in good faith JOIN THE GREAT NATIONAL MOVEMENT IN SWATTING FLIES.

Every fly killed in April, means a thousand killed in June.

BOOSTERS COMING APRIL 29

OKLAHOMA CITY TRADES EXCURSION WILL SPEND HOUR OR MORE HERE.

When the Oklahoma City boosters visit Ada on the 29th they will make one of the longest stops of the whole route at Ada. The special train is expected to arrive about 1 o'clock and will stop at the cement plant as it comes in. The party will go through the plant and then the train will pull into town. The officials of the cement company are anxious for as many citizens as possible to be at the plant when the train comes in and then ride with the visitors to town on the train.

The commercial club and citizens in general will entertain the visitors when they disembark from the train and probably an address of welcome will be delivered by some citizen. However, the visitors will be left to themselves most of the time as the object of their trip is to see as many of their customers as possible. A full announcement of the program will be made later.

At the cement works and in the city together over an hour will be spent and the train will make a stop of the same length in the city as it would even if it did not stop at the cement plant. One thing that gained some time at Ada was the discovery that the schedule called for a stop of five minutes at Parkell. When the Oklahoma City men were informed of the population of Parkell they readily consented to cut out the stop and give that much more time to Ada.

The most delightful party of the season was given the young people at the home of Mr. and Mrs. C. W. Harrison on Wednesday evening of last week in honor of Miss Ross of Ada and Miss Youree. About thirty guests were present. A delightful amusement program was carried out. The young ladies of Roff learned that the young men know how to cook, Mr. Gilbert winning the angel-food cake for the best recipe. In another contest of the evening Misses Roff and Jackson captured the greatest number of hearts and no lemons, being a tie the lucky number fell to Miss Jackson the prize being a box of chocolates. After a dainty luncheon was served and at a late hour all departed declaring Mr. and Mrs. Harrison most gracious host and hostess.—Roff Eagle.

Ada Appropriation Up to Governor.

President Briles returned from Oklahoma City last night. He has been observing the work of the legislature for the past day or two. He informed the News man that the bill carrying an appropriation of \$76,000 for the East Central Normal is now through the legislature and up to the governor. Just what the Governor will do with the bill, he thinks is doubtful. President Briles says all of the law makers are angry with the Governor, and the governor is angry with all the lawmakers.

The following Normal teachers went through the country to Roff this morning: Misses Clark, Kirwan, Switzer, Turner, Hindman, Spriggs, Timberlake and Mr. and Mrs. E. C. Wilson.

HOUSE REPLIES TO GOVERNOR

RETURNS MESSAGE TO CHIEF EXECUTIVE—WILL NOT TAKE RECESS.

Oklahoma City, Ok., April 18.—The House of Representatives went back at Gov. Cruce today in a debate that lasted for six and a half hours, during which the governor was scored from almost every angle, and it terminated in the house returning to the executive official his special message touching on the Granite reformatory marked "not received." With it went a resolution offered by Mr. Pinkham, Mr. Hill of Pittsburg and Mr. Tee hee, members of the investigating committee. It was declared not to be a "message" in the sense of the constitution, but the speaker said "it was a scurrilous attack upon the honesty and integrity of the house in general and the investigating committee in particular."

The house will go to the people for a verdict. It adopted a resolution by Mr. Lemon ordering 1,000 copies of the testimony for public distribution

so the people may see, it said, whether the committee has made a malicious or a truthful report.

In the meantime, the governor is shaping another investigation made through the department of charities and corrections. This will be an open proceeding, the governor says, and have nothing of the "star chamber" about it. Answering a feature of the

Officers destroyed wild cat stills in McCurtain and Okfuskee counties during the past few days. Evidently the wave of immigration to Oklahoma has extended to the mountains of Kentucky and Tennessee.

Champ Clark and W. J. Bryan have buried the hatchet and everything between them is said to be lovely once more. Looks like the spirit of harmony that settled over the democratic party last fall has come to stay.

The Republicans in Congress are standing on their dew claws and howling about an open caucus on the tariff bill. Mighty late about it, for whoever heard of an open Republican caucus? The shoe is on the other foot now, however.

With one solid week of ideal weather the farmers no doubt are getting their crops in fine condition. The recent rains have left a season in the ground that will go far into the summer. Indeed the prospects at the present time are flattering for an abundant harvest.

A bunch of Industrial Workers of the World in Colorado undertook to follow the example of the English suffragettes and gain their liberty by going on a hunger strike when placed in jail. However, a day or two of starving was all they could stand and they gave it up as a bad job, and began eating once more.

An exchange says President Wilson showed base ingratitude in firing Mr. Moore, the chief weather man of the nation, recalling the fact that he provided ideal weather for Wilson's inauguration, something no other president had enjoyed in many years. Something in that and congress should investigate.

NORMAL WINS ANOTHER GAME

CARRIES OFF CAME FROM DEAF SCHOOL BY SCORE OF 12 TO 8.

In a game yesterday between the Normal and the Dummies of Sulphur, filled with errors and poorly played throughout, the Normal won by the indicative score of 12 to 8. Both sides seemed to be trying to see how many errors they could pull off. The pitchers worked well enough, the dummy pitcher letting the home team down with eight hits, and the Normal pitchers letting the visitors down with seven. In fact, the pitchers were of a high order.

The day simply seemed to be an off one for the teachers. McMillan, who usually plays shortstop in a superb manner, was content with no less than two costly errors and many of the other players had one batted against their record, some of them being on easy flies.

Tolbert was the real hero of the day, wrestling the honors for the time from Robison. Ben played first base in his usual grand style, accepting some mighty hard chances, and also out of five trips to the rubber plate connected for three safeties and walked once. In other words, he just about repeated Robison's record of the last game.

With the exception of one inning the dummies played better ball than the locals. They went to pieces in the fifth letting six of the home boys cross the plate after two men were down.

The game started with a rush by the visitors. Two errors, a hit, and a poorly judged play by Young let in three runs for the boys of silence. The Normal tied this score in the third, and went far in the lead in the fifth. It was easy sailing from then on.

Limber Bill was given an opportunity to show what he could do in the box during the last four innings. Bill showed a wonderful amount of speed and curves, and he really should have had a shut-out game had he been given decent support. The team mates, however, did not support him at all.

The two teams are playing again today as the paper goes to press.

Score by innings:
Ada 0 0 3 0 6 0 0 3—12
Sulphur 3 0 0 0 0 0 2 3—8

Training Outweighs Long Service

There is no better proof of this than the every-day scenes of long service, untrained employees at the beck and call of younger men who occupy the big positions because of their training. It's a case of Training vs. Long Service—with the odds in favor of the trained man. Get out of the untrained rut. Mark and mail the attached coupon and let the I. C. S., of Scranton, tell how you can qualify for a better position. How you can protect yourself against servitude in your old age. How you can become an expert at your chosen line of work.

BEST \$5 HE EVER SPENT

Bristol, Pa., Man Says So in This Letter.

Months of suffering and anxiety over his condition caused Mr. A. L. Kennedy of Bristol, Pa., to write this letter. He says, "Grippe and a bad cough caused me much suffering and worry for five long months, but that is all over now for I have taken Vinol and am perfectly well. I took five bottles and it was the best five dollars I ever spent."

In health one cannot realize how depressed a person may become after trying one remedy after another for such a condition as Mr. Kennedy was in, without benefit, or what a relief it is to find help and be restored to health and strength.

It is the combined action of the medicinal curative element of cods' livers without the greasy oil, aided by the blood-making and strength-creating properties of tonic iron, that makes Vinol so efficient in overcoming chronic coughs, colds and bronchitis at the same time building up the weakened run-down system.

We guarantee Vinol to give you perfect satisfaction. Gwin & Mays Drug Co., Ada, Okla.

L. C. LINDSEY RECEIVES PAINFUL INJURIES

This morning L. C. Lindsey was painfully injured by being dragged from his horse by a yearling and kicked by the horse. He was leading the yearling into town when in the Dan Hays addition he chanced to meet an auto. The horse became frightened and in the trouble with the yearling that followed he was caught in a loop of the rope and dragged out of the saddle to the ground. A kick from the horse broke three ribs on the right side.

EVERY STREET IN ADA Has Its Share of the Proof That Kidney Sufferers Seek.

Backache? Kidneys weak? Distressed with urinary ills? Want a reliable kidney remedy? Don't have to look far. Use what Ada people recommend. Every street in Ada has its cases.

Here's one Ada woman's experience. Let Eli Smith of 416 W. Sixteenth St., tell it.

Says Mrs. Smith: "I always keep Doan's Kidney Pills on hand. They are safe for women to use and bring good results. My kidneys were weak and there were pains in my sides. At times I was dizzy and nervous and mornings felt all tired out. Hearing about Doan's Kidney Pills, I procured a supply and they gave me complete relief."

If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Smith had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y.

NEWS FORECAST FOR THE COMING WEEK

Washington, D. C., April 19.—The largest vessel in the world, the Cunard liner Aquitania, will be launched Monday at Clydebank, Glasgow. The great ship will be of 50,000 tons displacement and is to cost \$10,000,000. She will be placed in service between Liverpool and New York about the beginning of next year.

Other interesting events of the week abroad will be the opening of the grand opera season in London, the International Eucharistic congress at Malta, and the opening of the Ghent Exhibition in Belgium. The last named event is of international interest since several foreign countries are represented including the United States.

A conference committee with authority to speak for the fifty-two railroads east of Chicago and north of the Ohio River will meet with the heads of the Order of Railway Conductors and the Brotherhood of Railway Trainmen in New York on Tuesday to settle wage demands. These demands were presented last January. They are said to be for standard wage rates for men performing the same service on roads of similar grade, and to include a demand for a 15 per cent increase.

After six years of service as British ambassador at Washington, James Bryce will say good-bye to the capital on Friday, and set forth for the Orient by way of New York and San Francisco. Friday evening the Pilgrims of the United States will give a banquet in his honor at the Waldorf-Astoria in New York.

The American Commission for the study of European co-operation, composed of delegates from the states of the United States and the Provinces of Canada, will leave New York Saturday for a 90 days' tour. The itinerary includes Italy, Germany, Austria, Hungary, Switzerland, France, Belgium, Holland, Denmark, Sweden, Russia, the Balkan states, England and Ireland.

Alice Cornelia Thaw of Pittsburgh, known as Mrs. Copley Thaw since her

divorce from the Earl of Yarmouth in 1908, will be married to Geoffrey G. Whitney of Boston at Cumberland Island, Ga., on Tuesday.

Another interesting wedding of the week will be that of Miss Alys Applean Meyer, younger daughter of the former Secretary of the Navy and Mrs. George L. Von Meyer, and Lieut. Raymond Rodgers, U. S. N., which is to take place Friday in Washington.

The Panama Canal tolls controversy will form the leading subject of discussion at the seventh annual meeting of the American Society of International Law, which will assemble in Washington Thursday for a three days session.

Other meetings of the week will include those of the national council of the General Federation of Women's Clubs; the Southern Sociological Congress, in Atlanta; the National Association for the Advancement of Colored People, in Philadelphia, and the National Association of Cotton Manufacturers, in Boston.

It Makes All the Difference In the World

That's what you say when you tell your friends about your shopping expeditions. It may be the principals of the store, the service it offers or the quality of the goods it sells that you are discussing. But the difference to you means your satisfaction or disappointment.

You will find when you deal with the merchants who advertise in the NEWS that the difference stands always for satisfaction. Each store values its reputation too much to risk disappointing you. Each wants you good will. So they direct every effort to serve you best and give you the best values.

Economical Ironing

To iron economically you must not waste heat.

Ironing with ordinary flat irons is very wasteful of heat; most of the heat goes up the kitchen chimney; a lot of it is wasted in charring the ironing pad and in scorching the clothes.

Ironing with a

Hot Point Electric Flat Iron

is quite different—all the heat is in the iron ready to go into the pieces ironed instead of going into the room or up the kitchen chimney. None of it is wasted.

To use only the amount of heat actually needed for ironing, be it either heavy damp pieces or laces, embroidery or other light goods is real economy.

That's why Hot Point Irons are used in thousands of homes throughout our country.

We keep all styles and sizes—Let us send you one on trial.

Mrs. H. H. McClure and daughter, Miss Ruth passed through here Wednesday on their way to Palestine, Tex., where they will reside in the future. Mr. McClure has a position with the I. & G. N. Ry. at that place.

Judge W. H. Hammond and son Basil arrived last Tuesday from Bray, in western Oklahoma where Mr. Hammond has been teaching school. He was obliged to give up his school on account of sickness.—Francis Wigwam.

Prof. T. F. Pierce, superintendent of Pontotoc county public schools, and whose duties expire in that office in June, has put in his application as principal of Stonewall's High school for next year. Prof. Pierce has taught in some of Oklahoma's best schools and five years ago he was elected to the office he now holds, and in which capacity he has made an excellent official. His record as County Superintendent has been one of the best in the state and we predict that Stonewall will be making a wise choice in appointing him as principal of our school.—Stonewall News.

PEOPLE SHOULD GUARD AGAINST APPENDICITIS

Ada people who have stomach and bowel trouble should guard against appendicitis by taking simple buckthorn bark, glycerine, etc., as compounded in Adler-I-ka, the German remedy which became famous by curing appendicitis. A SINGLE DOSE relieves sour stomach, gas on the stomach and constipation INSTANTLY because this simple mixture antiseptizes the digestive organs and draws off the impurities. The Ramsey Drug Co.

LIVED ON RAW EGGS

Mr. Richard's Experience With Different Diets. Peaches and Buttermilk for Three Years.

Cecilton, Md.—Mr. George Richards, of this place, during the past 12 years, has probably tried more different diets than the average person would ever use in a lifetime.

What he has to say about his experiments, must therefore be highly interesting to anyone suffering from indigestion or stomach troubles of any kind.

He says: "For more than 12 years, I suffered with stomach troubles, and paid hundreds of dollars for doctor bills and medicines. I was also operated on for piles.

I lived on dried peaches and buttermilk for nearly three years. The only thing that would not give me pain was raw eggs.

I was a physical wreck. I could not sleep, and was as near crazy as a man could well be.

I must say that after taking two 25-cent packages of Thedford's Black-Draught, it did me more good than all I ever spent for other medicines.

I have been working daily on the farm ever since, and I am as hard as iron." This purely vegetable remedy has been in successful use for more than 70 years. Try it. But be sure that it's "Thedford's."

AN IMPORTANT ROAD MAY BE CLOSED

Uncle G. Duncan and W. R. Maxwell were in from their place north of the Canadian river this morning. They expressed themselves as much concerned about the road leading from across the river to Ada. It seems that heretofore people coming over at the rock crossing have driven across a tract of private land on this side of the river that is now being put into cultivation. It will now be necessary to open the road for three-quarters of a mile along the township line if the farmers on the other side of the river are to be able to reach Ada as easily as in times past. They say the way is open but that some timber and other obstacles must be cleared before the road is passable. As there is no other ford on the river for several miles each way the closing of this road would mean that many who now come to Ada to trade would be forced to go to Konawa. In view of the heavy trade coming from that section it is of vital importance to Ada that the road be improved. Probably most of it will have to be done by the township authorities, but the business men of Ada would do well to look into the matter and see that everything possible is done before another crop begins to move.

GREAT MARATHON

Boston, Mass., April 18.—Tomorrow the seventeenth annual American Marathon race, over the twenty-five-mile course from Ashland to Boston, will be run under the auspices of the Boston Athletic Association. The race will be over the same course as in previous years, and one of the largest fields that ever participated in a distance run is expected to start.

Ever since the first of the B. A. A. Marathons the event has grown steadily in importance until now it is recognized as the premier contest of its kind in America. When the Olympic team representing the United States went over to Athens in 1896, Americans knew little or nothing concerning distance running and were beaten decisively. The Boston Athletic Association noticed that there was a chance to have Marathon running come into prominence, and its first event came April 19, 1897, which went to J. J. McDermott a New Yorker.

Of late years the race has attracted runners from many sections of the country. In 1900 the event attracted the attention of Canadians and every successive year since then there has been an increased number of entries from across the border. J. J. Caffrey of Hamilton, Ont., was the winner in 1900. He turned the trick again the next year and is the only runner who ever repeated his victory in the classic event. Tom Longboat, wearing the colors of the West End Y. M. C. A. of Toronto, was the winner in 1907. Three years later Canada scored another victory, when Fred L. Cameron, of Amherst, N. S., was the first to cross the tape. The fastest time ever made in the race was last year when Mike Ryan, the famous long-distance runner of the Irish-American A. C. of New York, covered the distance in 2 hours 21 minutes and 18 1-5 seconds.

Ugly Sores Quickly Banished

You Marvel How Worst Skin Eruptions
Disappear as Result of
Famous Remedy.

If you have been fighting some blood
trouble, some eruptive skin disease, call
it eczema, lupus, psoriasis, malaria,
scrofula or what you will, there is but
one sure, safe way to cure it. Ask at
any drug store for a \$1.00 bottle of
S. S. S. and you are then on the road to
health. The action of this remarkable
remedy is just as direct, just as positive,
just as certain in its influence as that
of the sun rises in the east. It is one of
those rare medical forces which act in
the blood with the same degree of cer-
tainty that is found in all natural ten-
dencies. The manner in which it domi-
nates and controls the mysterious trans-
ference of rich, red, pure arterial blood
for the diseased venous blood is mar-
velous.

Out through every skin pore acids,
germs and other blood impurities are
forced in the form of invisible vapor.
The lungs breathe it out, the liver is
stimulated to consume a great propor-
tion of impurities, the stomach and in-
testines cease to convey into the blood
stream the catarrhal, malarial germs;
the bowels, kidneys, bladder and all
excretories of the body are marshalled
into a fighting force to expel every ves-
tige of eruptive disease.

The residents on Chrystie street
have become so used to the frequent
bomb explosions on their street that
they scarcely pay any more attention
to them. The bomb which was set off
the other day and wrecked a barber
shop and an undertaker's establish-
ment, both conducted by Italians, was
the fifty-seventh which was set off in
Chrystie street since the beginning of
the present year. There is scarcely a
house on that street which has not
suffered to some extent from the ef-
fect of bomb explosions. It is need-
less to remark that the police have
never found a trace of the fiends who
are causing these explosions.

About six months ago Thomas J.
Hiney, filled with jealous rage and a
liberal quantity of red liquor, shot
five bullets into the body of his
sweetheart, Amelia Stourman, when
she came back from a boat ride with
another man. For months the girl
lingered between life and death, but
finally she recovered from her injur-
ies. In the mean time her jealous lov-
er was indicted and tried and the
other day he was to be sentenced. The
girl was in court and nearly took the
presiding judge's breath away when
she begged the court to let her lover
go as she wanted to marry him. The
judge, who evidently considered the
girl's action extremely ill-advised and
utterly reckless, remonstrated with
her, but the girl remained firm in her
determination to forget the past and
condone her lover's offense by be-
coming his wife. In the end she had
her way and after the sentence of the
young man had been suspended, he
and the girl hastened out of the court
room, obtained a license and were
joined for life within an hour.

There was one candidate on the
Democratic ticket at the recent town
election at Hempstead, Nassau coun-
ty, who did not spend a cent during
the campaign preceding the election.
He had been nominated candidate for
Justice of the peace on the demo-
cratic ticket, but realizing that he had
absolutely no chance to win, he urged
his friends to vote for the republican
candidate and declined to spend a
single cent in the interest of his own
candidacy. In his certificate of ex-
penses filed with the County Clerk
the unwilling candidate explained the
facts, concluding with the remark,
"I may be simple, but I verily be-
lieve that I am not foolish."

CONSTABLE ADAIR HAS A CLOSE CALL

Constable W. B. Adair had a very
close call this morning when a run-
away team hitched to a heavy wagon
crashed into his buggy, demolishing
it, and injuring his horse painfully.
He saved himself by jumping just in
the nick of time.

The accident occurred on East
Main street in front of Mrs. Bills' re-
sidence. As Mr. Adair was driving up
the street the team dashed around the
corner and seeing that there was no
time to lose he made a long jump just
as the team struck his rig. As there
was a deep ditch on the side of the
street it would have been impossible
to turn out even if he had had more
time. His horse was hurt on the
shoulder and neck and very little was
left of the buggy.

It was reported that the driver of
the wagon was run over when the
team first ran away, but it has been
impossible to find out the facts of the
case.

Modern Advancement.

Just the use of common sense, the
following of personal choice, so far as
that choice is moral and measured by
the best instead of the worst of one's
self, and the expenditure of a few pen-
nies will place at the disposal of any
worker such means of self-education
as were not to be had by the rich of a
generation ago.

Distinction.

Cora was fond of all-inclusive pray-
ers, and one night she offered the fol-
lowing discriminating petition: "Lord,
please bless mother and father and
all of us, and give us everything good;
and please bless our friends, and give
them what is good for them!"—Har-

Silencing Watch Ticks.

Some sick people want the time

glass.

Method in His Extravagance.

"Haven't you a handsomer chafin-
dish than that?" asked the customer.
"You want something even more or-
namental than this?" "Yes. I want
one so beautiful and expensive that
my wife wouldn't think of trying to
cook anything in it."

For the Shopping Bag.

Sew a very large safety pin in your
shopping bag. Then hang by means
of smaller safety pins your door key,
samples of cloth, memoranda and such
things. They will be handy when you
open the bag and save poking down
and around and about the bottom of
the bag for these things.

Prayer for Strength.

thee, grace and strength to overcome
every sin; sins of besetment, delibera-
tion, surprise, negligence, omission;
sins against thee, ourselves, our neigh-
bor; sins great, small, remembered,
forgotten—Amen.—Christian G. Ros-

I am a woman.
I know woman's sufferings.
I have found the cure.
I will mail, free of any charge, my home
treatment to any and every woman
suffering from woman's ailments. I want to tell all women about
this cure—yes, my reader, for yourself, your
daughter, your mother, or your sister. I want to
tell you how to cure yourselves at home with
woman's sufferings. Men cannot understand
the help of a doctor. What we women know true
experience, we know better than any doctor.
I know that my home treatment is safe and sure
cure for Leucorrhoea or White Discharge, Uterine
Displacement or Falling of the Womb, Profuse, Scanty or Painful
Periods, Uterine or Ovarian Tumors, or Growths; also pains in
head, back and bowels; bearing down feelings; nervousness,
fainting, weakness, kidney, and bladder troubles where caused
by weaknesses peculiar to our sex.

I want to send you a complete ten day's treatment
entirely free to prove to you that you can cure
yourself at home, easily, quickly and
surely. Remember, that if I will send you nothing to
give the treatment a complete trial, and if you
will continue, it will cost you only about 12 cents a week or less than two cents a day. It
will not interfere with your work or occupation. Just send me your name and address, tell me how you
suffer if you wish, and I will send you the treatment for your case, entirely free, in plain wrap-
per, by return mail. I will also send you free of cost, my book—"WOMAN'S OWN MEDICAL ADVISER" with
explanatory illustrations showing why women suffer, and how they can easily cure themselves
at home. Every woman should have it, and learn to think for herself. Then when the doctor says—
"You must have an operation," you can decide for yourself. To Mothers of Daughters, I will explain a
simple home treatment which speeds and effectively cures Leucorrhoea, Green Discharge, and
Painful or Irregular Menstruation in young Ladies. Plumpness and health always results from
its use.

Wherever you live, I can refer you to ladies of your own locality who know and will gladly
tell any sufferer that this home treatment really cures all women's diseases, and makes women well,
strong, plump and robust. Just send me your address, and the free ten day's treatment is yours, also
the book. Write to-day, as you may not see this offer again. Address
